PLAINTIFFS

v.

CIVIL ACTION NO. 3:04CV251LN

HALEY BARBOUR, as Governor of the State of Mississippi, *et al.*

DEFENDANTS

**DECLARATION OF MARCIA ROBINSON LOWRY**

1. I, Marcia Robinson Lowry, am a member of the Bar of New York and admitted to practice in this Court *pro hac vice*. I serve as co-lead counsel for the Plaintiff Class in this case. I am the Executive Director of Children's Rights ("CR"), and I have been responsible for the supervision and conduct of my organization's work in this case. I give this Declaration in support of Plaintiffs' Unopposed Motion for Plaintiffs' Attorneys' Fees and Expenses.

2. I graduated from New York University School of Law in 1969. I have been an attorney litigating child welfare cases since 1970. For six years, I was the Director of the Children's Rights Project of the New York Civil Liberties Union, where I instituted and directed a program of litigation to reform the New York City child welfare system. From 1979 until 1995, I was the Project Director of the Children's Rights Project of the American Civil Liberties Union ("ACLU"), where I directed major litigation efforts in jurisdictions throughout the United States designed to promote major reform of child welfare systems. In 1995, I carried this work over to CR, which I founded.

Exhibit 1

3. I have been counsel in approximately 20 class action lawsuits representing hundreds of thousands of children against systems that have failed to provide lawful child welfare services including, for example:

- Baby Neal v. Casey, a class action against the Philadelphia child welfare system and the Pennsylvania public welfare department for failure to comply with constitutional standards and applicable federal statutes;
- Brian A. v. Sundquist, a class action against the Tennessee child welfare system concerning violation of foster children's rights under federal and constitutional law;
- Carson P. v. Heineman, a class action against the Nebraska child welfare system concerning violation of foster children's rights under federal and constitutional law;
- Charlie H. v. Whitman, a class action against the New Jersey child welfare system and the state of New Jersey for failure to comply with constitutional standards and applicable federal law;
- D.G. v. Henry, a class action against the Oklahoma child welfare system concerning violation of foster children's rights under federal and constitutional law;
- Dwayne B. v. Granholm, a class action against the Michigan child welfare system concerning violation of foster children's rights under federal and constitutional law;
- E.C. v. Blunt, a class action against the Missouri governor and child welfare officials challenging the facial validity of an adoption assistance law on constitutional and statutory grounds;
- Foster Children Bonnie L. v. Bush, a class action against the Florida child welfare system and the state of Florida concerning violation of foster children's rights under federal and constitutional law;
- G.L. v. Zumwalt, a class action challenging federal statutory and constitutional infirmities within the foster care system in Kansas City, Mo;

- Jeanine B. v. Thompson, a class action against the Milwaukee County child welfare system and state of Wisconsin for failure to comply with local laws, federal statutes, and federal constitutional protections applying to children at risk for placement or in foster care;
- Joseph A. v. New Mexico Dept. of Human Services, a federal statutory and constitutional challenge to the foster care system in the state of New Mexico brought on a class basis;
- Juan F. v. Rell, a class action against the Connecticut social services system, based on failure to comply with constitutional standards and applicable federal statutes;
- Kenny A. v. Perdue, a class action against the Governor of Georgia and other state officials concerning violation of foster children's rights in DeKalb and Fulton Counties, Georgia, under federal and constitutional law;
- LaShawn v. Barry, a class action against the District of Columbia child welfare system for failure to comply with constitutional standards, federal statutes, and applicable District of Columbia law;
- Marisol A. v. Giuliani, a class action against New York City and State, regarding all aspects of New York City's child welfare system, for failure to comply with federal constitutional, federal statutory, state constitutional, state statutory, and state regulatory standards;
- Sheila A. v. Finney, a class action in state court against the Kansas child welfare system based on violations of state, federal statutory, and federal constitutional law; and
- Wilder v. Sugarman, a challenge to New York's statutory scheme for the provision of foster care services on the grounds of racial and religious discrimination and violation of the establishment and free exercise clauses of the First Amendment.

4. During my professional involvement in the above class litigation, I have directly participated in and supervised the monitoring and enforcement of more than 10 class-

wide settlements with state or local government officials requiring the wholesale reform of child welfare systems.

5. Pursuant to 42 U.S.C. § 1988 and Rules 23(h) and 54(d)(2) of the Federal Rules of Civil Procedure, Plaintiffs request that the Court approve the Parties' settlement regarding Plaintiffs' attorneys' fees and expenses for the necessary post-judgment monitoring and enforcement work performed on behalf of the Plaintiff Class during the first calendar year following the Court's approval of the Settlement Agreement and Reform Plan ("Remedial Order") on January 4, 2008. Defendants have agreed to pay Plaintiffs' attorneys \$230,300.88 to settle all claims for attorneys' fees and expenses in this matter from January 5, 2008 through January 4, 2009. This agreed-upon total includes \$214,284.64 in fees for reimbursement of 1075.44 hours expended on the litigation by Plaintiffs' attorneys (879.97 hours) and by paralegals (195.47 hours). The fees settlement represents a reduction, undertaken by Plaintiffs' attorneys in the exercise of billing judgment, of 303.24 hours of lawyer and paralegal work. The fees settlement provides for payment of \$16,016.24 to Plaintiffs for reimbursable out-of-pocket expenses such as travel and copying.

6. In addition to my own work on the case, I supervised the various lawyers and paralegals at CR who worked on enforcing the Remedial Order reached in this matter. The resumes of all of these attorneys, setting forth their qualifications and experience, were submitted as Attachment A to my Declaration as part of Plaintiffs' Memorandum In Support Of Plaintiffs' Unopposed Motion For Approval Of Settlement Regarding Plaintiffs' Attorneys' Fees and Order of Notice To the Class, filed May 9, 2008. (Docket No. 472).

7. I am familiar with CR's policies, practices, and procedures governing the recording and maintenance of time and expense records. I supervised staffing levels throughout this first year of enforcement activity and assigned attorneys to tasks only as reasonably necessary to provide suitable representation to the Plaintiff Class.

8. Attachment A to this Declaration is a summary of: (a) the total billable hours performed by CR lawyers and paralegals on this case from January 5, 2008 through January 4, 2009, and (b) case expenses advanced by CR in this case for that same time period, itemized by category of expense. The compilation of itemized time records on which the attorneys' fees portion of Attachment A is based is attached as Attachment B. The compilation of compensable case expenses advanced by CR on behalf of the Plaintiff Class from January 5, 2008 through January 4, 2009, is attached as Attachment C. The compilation of itemized time records set forth in Attachment B and the compilation of case expenses were both generated from a database of entries created in the ordinary course of CR's business by persons with actual knowledge of the events recorded at or about the time of the events recorded, and which have been maintained in the ordinary course of CR's business. Each compilation has been personally reviewed by a senior level attorney who worked on this case, and charges have been reduced or written off that were deemed, in the exercise of billing judgment, excessive or non-compensable. I believe these compilations of the time and expense records and the summary of them attached as Attachment A to be an accurate and reliable account of the work performed and the compensable expenses incurred by CR and its personnel in this case.

9. During the period covered by this motion for fees, it was the consistent policy and business practice of CR to require each attorney and paralegal to maintain

contemporaneous and specific records of all time worked in a particular case, and for such records to be entered in a computerized billing system. Each such employee received a weekly printout of his or her billing hours, reviewed the records for accuracy, and corrected any billing errors. All of the CR attorneys who worked on this case kept contemporaneous and specific records of all the work they performed. These records, submitted in Attachment B, are an accurate statement of the time spent on providing legal services to the Plaintiff Class for which CR seeks compensation. I attest that all of the hours submitted in Attachment B were reasonable and necessary in order to furnish adequate representation for the Plaintiffs.

10. All of CR's time entries have been carefully reviewed by a CR attorney, and in the exercise of responsible billing discretion, a total of 303.24 hours expended in conjunction with this litigation that might be viewed as excessive, redundant, or otherwise unnecessary to this litigation, as well as entries that are vague, have been excluded. Itemized time records for these excluded hours are attached hereto as Attachment D.

11. I have consistently and continuously made reasonable efforts to balance the workloads of the attorneys and paralegals working on this case to ensure that the work assigned to them was commensurate with their level of experience. I have made every effort to keep the number of staff assigned to the case to a minimum. I believe the case was appropriately staffed at all times by CR. Each of the attorneys and paralegals working on this case had the ability and experience to perform the work assigned to him or her at a high degree of professionalism and was appropriately supervised.

12. Throughout the litigation, I also made diligent efforts to hold expenses, which must be paid when incurred, to a minimum. Plaintiffs devoted \$16,016.24 in out-of-pocket expenses to this case over the last year. The parties' agreed-upon \$16,016.24 in expense reimbursement reflects a discount of the actual reimbursable costs incurred by Plaintiffs. Plaintiffs submit as Attachment C to this Declaration a detailed, itemized list of reimbursable expenses for CR. The majority of the expenses incurred by CR in connection with this litigation were travel expenses. The numerous trips by CR attorneys to Mississippi for meetings with sources, meetings with local counsel, conferences with the Defendants and the court-appointed Monitor were all necessary to effectively monitor and enforce compliance with the terms of the Remedial Order. I, along with the other CR attorneys working on this case, made concerted efforts to minimize the number and cost of trips to Mississippi, as well as the number of attorneys who participated in each trip.

13. The Parties' fees agreement reflects the same agreed-upon rates as were applied in the Parties' settlement of Plaintiffs' claims for fees and expenses for work undertaken during the first five years of litigating this case. For purposes of calculating Plaintiffs' fee award for hours worked from January 5, 2008 through January 4, 2009, the following rates were used and agreed to by the parties: Marcia Robinson Lowry (Children's Rights) – \$303.75 per hour; Shirim Nothenberg (Children's Rights) – \$270.00 per hour; Jessica Polansky (Children's Rights) – \$189.00 per hour; Eric Thompson (Children's Rights) – \$270.00 per hour; paralegals – \$108.00 per hour. Travel hours for CR attorneys were billed at half of these rates. These rates, as presented in Plaintiffs' Unopposed Motion for Approval of Settlement Regarding Plaintiffs' Attorneys Fees, were approved as

reasonable by this Court by Order dated May 9, 2008. As reflected in my May 9, 2008 Declaration submitted to the Court in support of that previous motion, these rates are well below Plaintiffs' Counsel's regular rates and the prevailing rates to which they are entitled.

14. The expenses reflected in Attachment C were actually expended to prosecute this action. These expenses were reasonable and necessary to protect the interests of the Class.

15. During the first year of the reform effort, which began on entry of the Remedial Order at the January 4, 2008 Fairness Hearing, Plaintiffs have been actively engaged in monitoring and enforcement activities. The Remedial Order mandates that Defendants undertake the wholesale reform of every aspect of the Mississippi child welfare system. Defendants' obligations in the first year were to make significant management changes and infrastructure improvements. As detailed in the Court Monitor's Preliminary Report, filed with the Court on October 21, 2008 (Docket No. 481), these changes have been slow to materialize and Class Counsel has been in frequent communication with the Defendants regarding progress towards meeting the first-year requirements, by telephone, e-mail, in writing. On a number of occasions, in the interest of efficiency and productivity, CR attorneys have traveled to Mississippi for face-to-face discussions with Defendants, the Monitor and in some instances members of the Council on Accreditation. Meetings with the Parties have also taken place in New York City and in the Monitor's Washington D.C. office.

16. One of the first management requirements of the Remedial Order is that Defendants "hire and maintain a director for DFCS [Division of Family and Children's

Services] who meets the Plan's requirements for the position." (Remedial Order at § II.A.1.b). Much of the early communication after entry of the Remedial Order concerned Defendants' protracted efforts to select a qualified director, and once finally in place, the director's efforts to undertake a substantial reorganization of the Division of Family and Children's Services ("DFCS") management structure. Significant communication by Class Counsel with Defendants has also focused on the initial assessments DFCS must undergo as the first steps in the lengthy accreditation process.

17. At the close of the first year, the Parties have been engaged in vigorous discussions regarding Defendants' delay in fulfilling its obligations under the First Year Implementation Plan and the timing for negotiating the Second Year Implementation Plan. Other subjects of communication between the Parties included the tragic homicides of three unrelated children in Mississippi, all of whom had histories of receiving DFCS services.

18. Post-judgment monitoring and enforcement has required ongoing, regular communication between Class Counsel and the Monitor regarding the interpretation of the Remedial Order, Plaintiffs' enforcement priorities, and the scope of the initial monitoring reports. Class Counsel has also spent a substantial amount of time discussing with the Monitor concerns about the pace of Defendants' compliance with the immediate and short-term actions required by the Remedial Order as well as concerns about DFCS staffing both in the central office and out in the field.

19. Plaintiffs' post-judgment monitoring work has entailed extensive document review, including the review of more than 4000 pages of compliance data produced by Defendants, reports issued by the Council on Accreditation, Mississippi Department of

Human Services ("MDHS") budget documents, and DFCS case records regarding child fatalities.

20. Class Counsel has continued to seek out and investigate independent sources of information as to the functioning of DFCS and its ability to comply with the consent decree requirements. Class Counsel has maintained on-going communication with child welfare stakeholders across the State and exchanged critical information about the status of the Remedial Order's implementation, the monitoring process, and about DFCS functioning at the front-line county level. These communications, which are all essential to Class Counsel's efforts to ensure the benefits of the Order are realized by the Plaintiff Class, have taken place in writing, by telephone, and, on occasion, in person in Mississippi.

21. Plaintiffs' Counsel have reviewed the Named Plaintiffs' case file updates provided quarterly by Defendants, and spoken regularly with the Named Plaintiffs, both in person and on the telephone regarding various aspects of the care and services that they are receiving in Defendants' custody. The Parties have been in frequent, and at times daily, communication about a number of Named Plaintiff's service needs that have arisen since the Service Agreements were reached. Among the service needs Plaintiffs' Counsel has addressed on behalf of the Named Plaintiffs are the need for a less restrictive and more suitable foster care placement, the need for additional and/or different medical and psychological services, and the need for independent living services.

22. In reaching the Fee Settlement approved by this Court in May 2008, Plaintiffs' Counsel compiled and carefully reviewed many thousands of pages of time and expense records, to ensure both consistency and accuracy. In this review, Plaintiffs' Counsel also

identified and, in the exercise of reasonable billing judgment, excluded those entries that might be viewed as excessive, redundant, or otherwise unnecessary. Counsel has also spent time researching fee issues and drafting the motion and papers submitted in support of the request for court approval of the initial Fee Settlement.

23. The work detailed above was all reasonable and necessary to ensure implementation by Defendants of the Remedial Order and that the benefits of the Remedial Order are realized by the Plaintiff Class.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 28th day of July, 2009.
